## SUMMARY

I'm a passionate and curious BCA student with a growing skillset in software development and web technologies.
Over the past few years, I've worked on real-world projects like a graphic designer portfolio website and a vehicle parking system, using tools like HTML, CSS, JavaScript, and SQL.
I enjoy solving problems through code and learning new things every day.
With experience in languages like C, C++, Java, and working knowledge of Linux and MS Office tools, I'm eager to contribute to meaningful projects and continue growing in the tech field.

## INTERNSHIPS

**Java Full Stack Developer, Q-spiders, Pune, India**                                    **Dec 2024 - Present**

As a trainee at Q-Spiders, I gained hands-on experience in full stack development, working on mini-projects using Java, JDBC, Spring Boot, and React. I also built front-end interfaces with HTML, CSS, and JavaScript, and worked with MySQL for database operations. This training helped me strengthen my coding skills, problem-solving ability, and understanding of real-world application development.

**Software Developer Intern, Humming Byte Technologies, Nashik, India**                **Mar 2024 - Aug 2024**

- Contributed to the "Vehicle Parking management System" project.
- Designed and implemented a Vehicle Parking System utilizing HTML, CSS, JavaScript, and SQL to efficiently manage parking areas, demonstrating full-stack web development skills and database management.

## EDUCATION

**Shree Karmaveer Hire Arts, Science, Commerce and Education Collage, Kolhapur, India** -         **Jan 2022 - Jan 2025**
*Bachelor, Computer Application - GPA: CGPA: 7.50/10*

**Shree P.B. Patil Highschool and Junior College, Kolhapur, India** - *Highschool diploma, Science -*         **Jan 2019 - Jan 2021**
*GPA: 84.33%*

## CERTIFICATIONS

**Full Stack developer, Coding Seekho**                                                              **Oct 2024**

**Java Programming, Coding Seekho**                                                                  **Aug 2024**

## ACHIEVEMENTS

**Winner – Group Discussion, Karmaveer Hire Arts, Science, Commerce and Education College, Gargoti**         **Apr 2024**
District Level Event

**carnival 2k23, COMPESA**                                                                          **Apr 2023**
Secured a top position in the Code Marathon competition organized by the COMPESA Committee at Sharad Institute of Technology, Yadrav.

## PROJECTS

**Chat Web Application**                                                                      **May 2025 Present**

- A real-time chat web application designed to enable users to send and receive messages instantly. The project focuses on building a lightweight, responsive UI and implementing real-time communication using modern web technologies.

**Personal Portfolio,  Link, India**                                                                  **Present**

- Designing and developing a fully responsive personal portfolio using HTML, CSS, and JavaScript.
- Showcases my skills, projects, education, and achievements in a clean, user-friendly layout.
- A real-time chat web application designed to enable users to send and receive messages instantly. The project focuses on building a lightweight, responsive UI and implementing real-time communication using modern web technologies.

**Vehicle Parking Management Project**

- Implemented a system to efficiently manage vehicle entry and exit.
- Developed a solution to track parking space availability in real-time.
- Created a database to store and retrieve vehicle and parking information.

**Graphics Designer Portfolio**

- Created a platform to showcase a graphic designer's work and projects.
- Designed a website to present the designer's basic information and skills.
- Developed an online portfolio to increase the designer's visibility.

## SKILLS

| | | |
|---|---|---|
| **Programming Languages** | **:** | Java, C |
| **Development Tools** | **:** | Linux, VS Code, IntelliJ, Eclipse, Git-hub |
| **Web Technologies** | **:** | HTML5, CSS3, JavaScript |
| **Database Management** | **:** | MySQL |
